

Welcome Clubhouse Fans!

We are very excited for our first Luke's Clubhouse Newsletter. We've been working very hard to develop a fun and educational **VIRTUAL CLASSROOM** for "LIVE" School Presentations with Luke and our **VIRTUAL FIELD TRIPS** to domestic animal rescues and accredited wildlife zoos, sanctuaries, and museums to learn about animals and their stories of rescue & rehabilitation. For more information, be sure to visit our new website at www.LukesStory.com and click on **Virtual Field Trips/Google Meets**.

Now you can also subscribe to our **NEW YouTube Channel Susan Beattie Author-Luke's Storybook Adventures**. Now you can see all of Susan and Luke's field trips where Susan

interviews directors of education at domestic and wildlife rescue organizations and get up close to the rescued animals to learn their stories.

Some of these videos are also included in their **Virtual School**

Presentations. Watch the interviews with owners of very special rescued animals like Zenny the Zonkey, Gloria the Camel and Quackers the Silly Goose!

LUKE'S OUTANDING STAR OF THE MONTH

Meet Bettina Gannon

"I love animals so much and I want to help them in every way I can. I have fostered kittens from Peggy Adams Rescue League and I have a small business. I sell dog collars and leashes. 100% of the profit goes to Peggy Adams Rescue League. I also made donations to the rescue through birthday presents."

Want to share your story with Luke? Send him an email today at Susan@LukesStory.com

SPECIAL GIFT SET The Perfect Birthday Gift!

Included: Backpack, Clubhouse Sticker, Wildlife Book, Special Bracelet and choice of plush Luke Puppy or "TY" Beanie Baby Animal.

LUKE'S CLUBHOUSE CRITTER OF THE MONTH

Luke's friend Sophie the Squirrel has an important ecological role, especially in forest ecosystems. The squirrel symbolizes preparedness, abundance, & multitasking. A squirrel works hard and always prepares for the times ahead!
